

Dear Co-workers

I have tremendous excitement in my heart for the times that we live in and for the immediate future. May I add that I am happy for the honour that fell to South Africa to host the Soccer World Cup, but the main reason for my excitement has to do with something entirely different?

There is a clear voice inside of me speaking with urgency and I believe it is the voice of the Lord saying:

**'It is time for My power to be seen; time for miracles – miracles that will glorify My Name.'**

There is a growing God-conviction inside of me that we need to build our faith in Jesus the Miracle-worker. We need to concentrate on being filled with God's Spirit and His power and dare to walk in the Spirit with boldness. From this place we will encounter more of the miraculous!

Harvest is on God's heart. Our expectation and faith for the greatest harvest ever cannot mostly depend on good programs or events. There is an element of this great harvest promised by God that will only be realized by a people flowing and operating in His supernatural power on a daily basis. We must release the spark of the supernatural in our world.

The wonderful news is that God is ready by His Spirit to release a fresh grace and powerful anointing on every one of us for the purpose of victorious living and as a testimony to His Name. This is not only for the 'perfect', highly mature or deeply spiritual but for every one of His children who will dare to believe and obey. That includes you and me!

I remind you that Jesus left us with the promise that supernatural signs will follow those who believe. (See Mark 16:15-20)

It is indeed time for us to challenge every mindset and experience that has attempted to take away from us the conviction that we serve a limitless Father in heaven. Restore your faith in the God of the impossible – the One who challenges the world in the words of Jeremiah 32:27 (NIV):

'... I am the LORD, the God of all mankind. **Is anything too hard for me?'** (Emphasis added)

We must prepare our hearts and lives for His power to flow through us. In 2010 this is exactly what we intend to do in this church. So fix your eyes on Jesus Christ, the water-walking, death-defying, all-powerful risen Son of God and expect that He will show His power!

Let's start this year by coming into agreement with God and declaring, 'I believe in the God of the miraculous. Nothing is too difficult for You, Lord.'

Expect to see what you have never seen before – more miracles, more signs and more wonders to bring more glory to God and more people to Him.

Make 2010 an *all things are possible* year!
